

Internal Auditing Education Partnership

The Institute of Internal Auditors recognizes colleges and universities that create stellar learning opportunities for students interested in a career in internal auditing through the global Internal Auditing Education Partnership (IAEP) Program. Working to build the pipeline of internal audit-ready graduates, IAEP programs offer various internal audit curriculum and learning opportunities within a degree program. Participating programs fall within one of three levels: Foundation, Comprehensive or Center of Excellence.

The Internal Audit Foundation supports these institutions of higher education and their students through grant funding, scholarships, resources, learning, and dedicated staff support. Contact Academic@theiia.org for more information on how to join.
