10:50 AM - 11:00 AM	Transition Break (Exhibit Hall closed)

11:00 AM – 12:00 PM	<p align="center"><b>Educator Breakout Session</b></p> <p align="center"><b>Speaker:</b> David Wood</p> <p><b>Description:</b> Educators will take a deeper dive into David Wood's methodologies in the gamification approach he uses in his classroom, and gain an understanding of the AI tools he uses.</p>
12:00 PM – 1:00 PM	<p align="center"><b>Lunch Break &amp; Exhibit Hall Open</b></p>
1:00 PM – 2:00 PM	<p align="center"><b>Innovative Strategies and Approaches to Community Involvement</b></p> <p align="center"><b>Speakers:</b> Randa Sheraffedine, PhD and Santhosh Abraham</p> <p><b>Description:</b> This unique session features two dynamic speakers, each sharing insights on connecting classroom learning with real-world experience. Dr. Sharafeddine from East International University will discuss innovative strategies for collaborating with the local business community to benefit students. Professor Abraham from Union University will discuss his experience offering students hands-on internal audit opportunities through international pro-bono work. Discover how these initiatives are shaping the future of internal audit education!</p>
2:00 PM – 3:00 PM	<p align="center"><b>Crafting Comprehensive Internal Audit Case Studies with ChatGPT</b></p> <p align="center"><b>Speaker:</b> Stacie Tronto</p> <p><b>Description:</b> Creating internal auditing case studies that challenge students to apply critical thinking and data analytics skills can be a daunting task. In this session, discover how one professor harnessed the power of ChatGPT to craft realistic scenarios that not only engage students in applying data analytics but also guide them through a systematic, disciplined approach to conducting an internal audit. Students learn the essential phases of planning the audit, executing procedures, documenting their work in detailed workpapers, and effectively communicating their findings. Attendees will leave equipped with a ready-to-use case study and practical solutions to inspire their teaching or training efforts.</p>
3:00 PM – 3:30 PM	<p align="center"><b>Networking Break &amp; Exhibit Hall Open</b></p>
3:30 PM – 4:30 PM	<p align="center"><b>From Classroom to Conference Room: Generative AI in Audit Practice and Case Study</b></p> <p align="center"><b>Speaker:</b> Alex Rusate</p> <p><b>Description:</b> Discover how generative AI is transforming the field of internal auditing and bridging the gap between academic theory and professional practice. This session provides a practical exploration of AI applications in the four phases of the audit process—planning, fieldwork, reporting, and follow-up—using a dynamic case study and live demonstration. Attendees will also gain insights into addressing ethical challenges, fostering innovation, and equipping future auditors with the skills needed to leverage AI effectively. Learn how to integrate generative AI into both professional audit practices and classroom settings to prepare students for the evolving demands of the industry.</p>
4:30 PM – 5:00 PM	<p align="center"><b>Open time so attendees can walk to the Atlantic Dance Hall</b></p>
5:00 PM – 7:00 PM	<p align="center"><b>Joint Welcome Reception</b></p> <p><b>Description:</b> Come dressed in your college best for our welcome reception for attendees of both Leadership Academy and Global Student Conference. Mingle and network while you enjoy drinks and light bites with old and new acquaintances.</p>
